

ACADEMIC WEEKS

BACK TO SCHOOL ACADEMIC

8/19 – 8/23 & 8/26 – 8/30

For Grade 1 - Grade 6

Avoid summer learning loss and prepare for the next year of school. This course will go above and beyond in topics from language arts to math.

HIGH SCHOOL & COLLEGE PREP

Specially designed for those in middle school and high school, these camps will help students get ahead in their academic studies.

HIGH SCHOOL / BCA PREPARATION

8/5 – 8/22 MON – THU 9:00AM-3:00PM

For Grade 7 - Grade 9

Our High School Prep program is a great way to prepare your child for high school. It maximizes student success both on the BCA & BT entrance tests and on future high school performance.

SAT PREP

8/5 – 8/23 MON – FRI

For Grade 9 - Grade 12

Summer is the perfect time to prepare for the SAT and get a head start on your college prep.

For more details, please contact us.

SAT BIO PREP

For Grade 10 - Grade 12

Our rigorous prep program for the SAT Biology Subject Test is taught by the best teachers in New Jersey. If you're interested, please contact us.

MAKER WEEK

LITTLE MAKER

6/24 – 6/28

For Grade 1 - Grade 4

Students will create toys, experiments, crafts, and games. It not only inspires kids to create, but it also teaches them to recycle and upcycle.

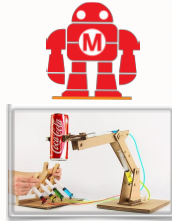

YOUNG MAKER

6/24 – 6/28

For Grade 5 - Grade 8

Students will make hands-on projects such as robotic arms. They will gain engineering and electronics skills through this engaging course.

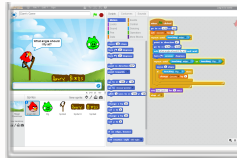

CODING WEEK

SCRATCH PROGRAMMING

7/22 – 7/26

For Grade 1 - Grade 4

Instead of playing video games, students will make video games. Students of all skill levels will have fun in this challenging and creative course.

PYTHON PROGRAMMING

7/22 – 7/26

For Grade 5 - Grade 8

Using the most popular and beginner-friendly programming language, students will gain experience in logical thinking and programming.

LEGO ROBOTICS WEEKS

LEGO ENGINEER

7/1 – 7/5 & 7/8 – 7/12

For Grade 1 - Grade 4

The Lego Engineering session will teach a fundamental STEM understanding of simple and powered machines, structures, and mechanisms.

LEGO ROBOTICS JR.

7/29 – 8/2 & 8/5 – 8/9

For Grade 1 - Grade 4

Lego Robotics Jr. will strengthen students' understanding of science and engineering practices. Students will learn programming using a drag and drop interface.

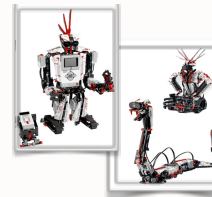

LEGO ROBOTICS

7/8 – 7/12 & 7/29 – 8/2

For Grade 4 - Grade 8

By designing and building programmable robots, students will gain a better understanding of how technology works in real world applications.

FIRST LEGO LEAGUE ROBOTICS

8/5 – 8/9

For Grade 4 - Grade 8

Students will learn advanced Lego robotics building and programming skills. They will design, build, and program their own competition robot to perform difficult tasks on a table-top playing field.

PERFORMING WEEKS

THEATER

7/15 – 7/19

For Grade 1 - Grade 8

Acting! Singing! Students will develop their vocal performance, acting techniques, and dancing skills. At the end of the session, they will perform their very own show.

PUBLIC SPEAKING

8/12 – 8/16

For Grade 1 - Grade 8

Speaking in front of an audience doesn't have to be scary. With practice, students will gain the presentation skills and confidence to talk in public.

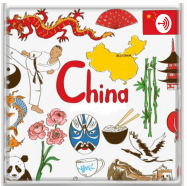

INTERNATIONAL WEEKS

CHINESE CULTURE

7/1 – 7/5

For Grade 1 - Grade 8

Experience Chinese culture and learn Chinese holiday traditions. This course will help students understand the rich and vast culture of China.

CHINESE HISTORY

7/29 – 8/2

For Grade 1 - Grade 8

Exploring Chinese history, students will learn a wide range of texts from pre-Qin philosophy to Ming-Qing literature and will do a wide range of hands-on projects.
